

eclectic games games room Code of Conduct

- **Do not bring in hot or smelly food.** It causes unpleasant stale food odours.
- **Do not bring in external drinks of any kind.** The vending and coffee machines offer a good selection of hot and cold, still and sparkling drinks at reasonable prices. Shakeaway milkshakes are the only exception to this rule.
- **Do not use foul language.** We have games players of all ages, and all of them deserve a pleasant environment to play in.
- **Clear up rubbish.** It doesn't matter if it is yours or not, it is part of the community effort to keep the environment pleasant for everyone, staff included. If you are throwing away an unfinished drink, please pour the liquid down the sink before putting the container in the bin. Rubbish bags with liquid in them make far more work for staff cleaning up!
- **Do not sit on the tables!** Or the partitions. Or anything else that isn't a chair or the floor or obviously a seat.
- **Lift, don't drag the furniture.** If you need to move the tables, please lift them, don't drag them across the floor.

We will not tolerate behaviour that interferes with others' enjoyment of their games. If you are causing a disruption, upsetting or harassing others you will be asked to leave.
